CHRISTIAN DIETZ

Love your feet!

More comfort - more pleasure !

- 1. Ankle - Comfortable collar padding improves fit and comfort.
- 2. Heel - Extended heel counter for more stability
- 3. Arch - Anatomical footbed supports and stabilizes the foot.
- 4. Forefoot - Soft shockabsorbing sole reduces tread impact.
- 5. Toes - Roomy toebox allows natural foot movement.
- 6. Instep - Adjustable instep through velcro, elastic gore or laces.

Luxury for your feet!

Sacchetto construction
innovative design
for maximum comfort
and flexibility

Feel the difference!

Comfort & Fit

Only a correct fitting shoe is a healthy shoe. That's why in our shoes fitting and comfort have absolute priority. Each shoe comes with a removable footbed, making them suitable for orthotics.

Tradition and Quality

In our family owned company each shoe is crafted by hand by master shoemakers, using traditional constructions.

Fashion is Fun

Innovative design, finest materials and the newest fashion trends. We believe that shoes should offer you comfort and style.

Natural Leather

Each CD shoe is made entirely from the finest italian leather. Natural leather provides a healthy and comfortable foot environment. This way , your feet can breathe.

Footbed

All our shoes come equipped with our exclusive footbed. This removable footbed has an anatomical, leather covered surface providing comfort and stability with every step you take.

Less is More

Less weight means more comfort. Therefore each of our shoes comes with extra light and flexible soles.
